### **DETAILED ACTION**

Claims 12-21, 26-32, 35-41, 46 and 48-71 are pending in the present application.

#### ***Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 9 September 2004 has been entered.

#### ***Election/Restrictions***

Applicant's arguments regarding the restriction requirement set forth as an election by original presentation in the final rejection mailed 9 March 2004 have been considered and found persuasive in that it is not an serious search burden to the examiner to search the entire scope of the application. Thus, the restriction requirement set forth the prior office action has been withdrawn.

#### ***Response to Amendment***

The rejection of claims 12-22, 24, 26-44 and 48-53 under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement have been withdrawn in view of Applicant's arguments and the amendments filed 9 September 2004.

Art Unit: 1636

The rejection of claims 31-33, 39, 52 and 53 under 35 U.S.C. 102(b) as being anticipated by Georgiou et al. has been withdrawn in view of Applicant's amendment filed 9 September 2004.

### ***Response to Arguments***

Claims 31-32, 39, 52 and 53 stand provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-6 and 10 of copending Application No. 09/987455 (US 2003/0049729).

Applicant's acknowledgement of the pending double patenting rejection is noted. A terminal disclaimer is required to overcome the present rejection.

### ***Allowable Subject Matter***

Claims 12-21, 26-30 and 46 are allowable.

Claims 35-41 and 48-71 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Conclusion***

This is a continued examination of applicant's earlier Application No. 09/987457. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a

Art Unit: 1636

first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
